

Give It All Up

The Corrs

They say that I'm crazy
And it's probably true
But I'm at my happiest
Just when I'm with you
There is a distance between us (between us...)
So far that I can't reach
The stage lights they shine so brightly
But still I find no peace
And I'm a long long way from you

I'd give it all up just for you
Just to have you near me
I'd give it all up just for you
You bring me up, you bring me down
You turn me inside out
And I'd give it all up just for you

I've been hearing some stories
Of couples so in love
But they've spent so much time apart
That they never seem to work
And I'm a long long way from you

Still I'd give it all up just for you
Just to have you near me
I'd give it all up just for you
You bring me up, you bring me down
You turn me inside out
And I'd give it all up just for you

I'd give it all up just for you
Just to have you near me
I'd give it all up just for you
You bring me up, you bring me down
You turn me inside out
And I'd give it all up just for you
