

Irresistible

The Corrs

You're irresistible
You're mine

Don't want you for the weekend
Don't want you for a day
Don't need a love divided
Don't want to feel this way

See I want you to need me
Just like I need you
And I want you to see me
Like no-one before

You're irresistible and natural, physical
It's indefinable and magical, illogical
So make you mineable, you're mine

So can't you see I'm tortured
Oh, can't you hear my pain
If you just let me show you
I'll be your summer rain

Then you'll feel that you want me
Just like I want you
And you know nothing's better
It's like nothing before

You're irresistible and natural, physical
It's indefinable and magical, illogical
So make you mineable, you're mine

Now you feel what I'm feeling
Don't you know that it's more
It can take you places
Like never before

You're irresistible and natural, physical
It's indefinable and magical, illogical
So make you mineable, you're mine

You're irresistible and natural, physical
It's indefinable and magical, illogical
So make you mineable, you're mine
