## **Old Town**

The girl's a fool She broke the rule She hurt him hard This time you will break down She's lost his trust And so she must Now all is lost The system has broke down Romance has broke down

This boy is crackin' up This boy has broken down This boy is crackin' up This boy has broke down

She plays it hard She plays it tough But that's enough The love is over She's broke his heart and that is rough But in the end you'll soon recover The romance is over

This boy is crackin' up This boy has broken down This boy is crackin' up This boy has broke down

This boy is crackin' up This boy has broken down This boy is crackin' up This boy has broke down

I've been spending my money In the old town It's not the same honey With you not around I've been spending my time In the old town I sure miss you honey

Now you're not around You're not around This old town
