Secret Life

From red giant to supernova
Back to you and me
A cloaked entity within
A virtual reality
Mechanised and organised
To me it's plain to see
The hand that's been busy
Weaving fantasy
It's so hard to understand
And often we are blind
But if truth were an ocean
Would it fit in the pool of a human mind

You're all alone And it doesn't seem quite fair Why we're all left in ignorance Turning to despair (turning to despair...) Philosophy and theology Offer us a glimpse At something more incredible (incredible) Than you and I

So call on the secret life Call on the secret life Show me the way of life Bring on the secret life

Evangelists, scientologists And others I won't mention Offer lessons in codology To all with good intention (intention) Listen at your peril Put your soul in detention Resensitise yourself To this incredible dimension

When you're all alone And it doesn't seem quite fair Why we're all left in ignorance Turning to despair (turning to despair) Philosophy and theology Offer us a glimpse At something more incredible (incredible) Than you and I

So call on the secret life Call on the secret life Show me the way of life Bring on the secret life

I think, therefore I am I think, therefore I am

And you're all alone And it doesn't seem quite fair Why we're all left in ignorance Turning to despair (turning to despair...) **The Corrs**
