

Flatline

Cosmic Gate

Do you know the power you have over me? I'm a safe, but you're
the key My defences are trying not to lose control I'm cryptic,
but you crack the code

My heart skips a beat when you look at me Suddenly I can't breathe,
I'm falling to my knees Last thing I recall is how you catch my fall
Then I wake in your arms, baby you're my Prince Charming
Baby you're my Prince Charming

When my heart's on a flatline Your kiss brings me back to life
When my heart's on a flatline Your kiss brings me back to life
