

## Over the Rainbow

Cosmic Gate

Somewhere out there you are  
So close but yet so far  
My heart intertwined with yours  
What remains is our choice

She loves me, she loves me not  
Take a chance, give it what i got.  
Who knows we could grow old together  
Late walks in the park, romance after dark

I'll never give up on you  
I'll never give up on you  
I'll never give up on you  
I'll never give up on you

(5x)

Over the rainbow  
That's where I'll go to find you  
'Cuz you are my gold and one thing  
I know is that I need you, yeah
