

Sparks After The Sunset

Cosmic Gate

I see the lightning in this place where we are
I feel the energy
I've been a cold ice without you
but now my heart is open
to these flames right
Is higher about the smooth

Will you feel
The sparks after the sunset
And stay close
To see the fire burn
See the fire burn

Will you feel
The sparks after the sunset
And stay close
To see the fire burn

Will you stay
and wrap your arms around me
And stay close
To see the fire burn
See the fire burn

Will you feel
The sparks after the sunset
And stay close
To see the fire burn

Will you stay
and wrap your arms around me
And stay close
To see the fire burn
See the fire burn
