

Have You Seen Me Lately?

Counting Crows

Get away from me
Get away from me
This isn't gonna be easy
But I don't need you
Believe me

Yeah you got a piece of me
But it's just a little piece of me
And I don't need anyone
And these days I feel like I'm fading away
Like sometimes when I hear myself on the radio

Have you seen me lately?
Have you seen me lately?
Have you seen me lately?

I was out on the radio starting to change
Somewhere out in America, it's starting to rain
Could you tell me the things you remember about me
Have you seen me lately?

I remember me
And all the little things that make up a memory
Like she said, "She loved to watch me sleep"
Like she said, "It's the breathing
It's the breathing in and out and in and

Have you seen me lately?
Have you seen me lately?
Have you seen me lately?

I was out on the radio starting to change
Somewhere out in America it's starting to rain
Could you tell me the things you remember about me
And have you seen me lately?

You, I thought that someone would notice
I thought somebody would say somethin'
If I was missin'
Oh can't you see me?
Come on color me in
Come on color me in

Come on color
Come on
Come on
Come on
Come on

Give me your blue rain
Give me your black sky
Give me your green eyes
Come on give me your white skin
Come on give me your white skin
Come on give me your white skin

I was out on the radio starting to change

Somewhere out in America, it's starting to rain
Could you tell me the things you remember about me
And have you seen me lately, have you seen me lately?
Have you seen me lately?
