1. Got no place to go, but theres a girl waiting for me down in mexico

Shes got a bottle of tequila, a bottle of gin and if I bring a little music ${\tt I}$

could fit right in

We've got airplane rides, we've got california drowning out the window side

We've got big black cars and we've got stories how we slept with all the movie stars

- R: I may take a holiday in spain, leave my wings behind me Drink my worries down the drain and fly away to somewhere ne w
- 2. Hop on my choo choo, I'll be your engine driver in a bunny suit

If you dress me up in pink and white we may be just a little fuzzy 'bout it later tonight

She's my angel, she's a little better than the one that used to be with me

Cause she liked to scream at me man, it's a miracle that she 's not living up in a tree

- R: I may take a holiday in Spain, leave my wings behind me Drive this little girl insane and fly away to someone new
- 3. Everybody's gone, they left the television screaming that the radio's on

Someone stole my shoes, but there's a couple of bananas and a bottle of booze

Oh, well happy new year's baby we could probably fix it if we clean it up all day

Or we could simply pack our bags and catch a plane to Barcel ona 'cause this city's a drag

R: I may take a holiday in Spain leave my wings behind me Flush my worries down the drain and fly away to somewhere ne \mbox{w}
