

# You Don't Know How

Courage My Love

Hold me, control me  
Is this what you want?  
As if you own me  
And everything I've got  
Come over slowly  
Sink into my skin  
Everyone told me  
To not let this begin, begin again  
Begin again

Get out if it's too much  
I won't slow down  
Found out I'm strong enough  
On my own now  
Give up your heart to love  
You don't know how  
You don't know how

My eyes are open  
It's never been this clear  
I let you go  
And I watched you disappear  
Come over slowly  
Sink into my skin  
Everyone told me  
To not let this begin, begin again  
Begin again

Get out if it's too much  
I won't slow down  
Found out I'm strong enough  
On my own now  
Give up your heart to love  
You don't know how

Get out if it's too much  
I won't slow down  
Found out I'm strong enough  
On my own now  
Give up your heart to love  
You don't know how  
You don't know how

You don't know how  
Long I've waited  
Held my tongue  
But now I'll say this

Get out if it's too much  
I won't slow down  
Found out I'm strong enough  
On my own now  
Give up your heart to love  
You don't know how

Get out if it's too much  
I won't slow down

Found out I'm strong enough  
On my own now  
Give up your heart to love  
You don't know how  
You don't know how
