

# Right Before My Eyes

Course Of Nature

Come closer now  
Let me feel your heart beat  
Just stay here forever

Sometimes I wonder  
Is this real or am I  
Only waiting to wake up?

Right before my eyes  
I see your face  
And it makes me smile

I want you to stare  
I feel like I'm lost without you  
And life just can't be the same

Took my breath away  
I felt like I just lost you  
Right before my eyes

For the first time  
I can see forever  
I don't feel alone now

There'll be times  
When I let you down  
But I will always be there

Right before my eyes  
I see your face  
And it makes me smile

I want you to stare  
I feel like I'm lost without you  
And life just can't be the same

Took my breath away  
I felt like I just lost you  
Right before my

All the times I've felt alone  
'Cause I've been wrong  
Until now my life has felt so long

Now every part of me is letting go  
But I will never let you go  
Won't let you go, I won't let you go

I want you to stare  
I feel like I'm lost without you  
And life just can't be the same

Took my breath away  
I felt like I just lost you  
Right before my eyes  
Right before my eyes

Took my breath away  
I felt like I just lost you  
Right before my eyes

Come closer now  
Let me feel your heart beat  
Just stay here forever
