

Fairytale

Court Yard Hounds

Every girl wants the fairytale
I guess I do too
We're restless, we're young
With so much to prove

You ask me to wait
But wait I won't do
'Cause the time I've been wasting
I could be spending with you

Take me... we'll run away
Out of this town 'til it fades
And they'll say we're wrong
But with you I'm alright either way

Money can burn
And money can talk
But it's love that makes the girl
Get up and walk

Ah, all I want's my turn
Yeah, I could be happy just livin' to learn

So take me... we'll run away
Out of this town 'til it fades
And they'll say we're wrong
But with you I'm alright either way

Take me... we'll run away
Out of this town 'til it fades
And they'll say we're wrong
But with you I'm alright either way...

We'll run away
I can't take this town one more day
And they'll say we're wrong
But with you I'm alright either way

Every girl wants the fairytale
I guess I do too
