

# I Miss You

Court Yard Hounds

I, I would follow you  
Around the world and back again  
Yes, I'd give anything  
Just to see your face another day

Time is a precious thing  
When tomorrow you fly away  
Yeah, I'll see you on the phone  
But it's not you, just shades of gray

And I miss you  
I can't wait to kiss you  
Yes, I miss you  
I can't wait to kiss you when you come around

I, I can make a choice  
To fade away or make a stand  
And you gave me my voice  
But being gone wasn't in my plan

And I miss you  
I can't wait to kiss you  
Yes, I miss you  
I can't wait to kiss you when you come around

Boy, you've been everywhere  
You go around the world and back again  
With you I can be myself  
But tonight I'm going to be alone

And then I miss you  
I can't wait to kiss you  
Yes I miss you  
I can't wait to kiss you  
And I miss you  
I can't wait to kiss you  
Yes I miss you  
I can't wait to kiss you  
When you come around

Come around...
