Courtney Barnett

I masturbated to the songs you wrote  
Resuscitated all of my hopes  
It felt wrong but it didn't take too long  
Much appreciated are your songs.

Doesn't mean i like you man  
It just helps me get to sleep  
And it's cheaper than temazipan

Ah ah ah ahhhh etc  
I under-estimated your intelligence  
A little bit of weed mixed with some sentiment  
Over-rated films marked xxx  
Come on play it with some tenderness
