

Life Despite God

Courtney Love

You shouldn't have loved me baby
When I was nothing, nothing at all
Used to bleed for you
I just want to watch you fall
Baby, baby, baby
Leave me to rock and ruin
Babe, Babe, Baby
I'll never ever come home

You shouldn't have loved me baby
When redemption's too blind
Next ,baby baby
And sin left a scar
Time ravaged my body
And Now I live in a house where the red light's always on
Yeah, Baby, Baby, Baby
Shame on you

Oh baby, running away
Running away from you
I will wait for you
But I won't wait very long
I will wait for you
And when you bore me, I'll be gone
And I will cheat on you
I will fuck you up
It's just in my nature, Baby
yeah well there aint nothing, nothing
There aint nothing I can do to stop

Here comes my rain
Here comes my rain

Your blood is pumping, Good and Evil
God and Devil
Aint no ones pity
Your love's with me, Your love's with me
Your love's with hate

I will fuck you up
I will feel no guilt

That's right rub it in, rub it in, Can't get it under your skin
you'll never get it out, You'll feel well
Oh next, your head
'Till you can't see straight
I watch your blood, It's pumping black
Coz baby, your love's with me
Here we go round, you're red and you're red
You're writhing away

Run away, Your hand's on fire
Can't tell the difference between hate and desire
Everything went all so wrong
Chaos reigns, when I'm along
Fuck you up, won't get me out
Wash that stain, under your skin

Can't wash it out
Coz I'd wash it in
Yeah, Yeah Yeah Yeah
All my love's in vain
All my love's in blood
All my love's in vain
Can't, cannot find a vein
