

Lightbringer

Covenant

Bring the light
Burn the sky
Torch our lives
Break it all into parts

Bring the light

Breathe without your lungs
It digs deep underneath this skin
Could you tell me how it ends and begins

Could I kiss those scarlet lips of yours
And taste the winter
Taste the winter
When I shed my December skin

Where do we go from here
I turn around and wait for more
Where do we go from here
I'm taking you with me

Bring the light
Burn the sky
Torch our lives
Break it all into parts

Bring the light
Burn the sky
Torch our lives
Break it all into parts

Bring the light
Burn the sky
Torch our lives
Break it all into parts

Bring the light
Burn the sky
Torch our lives
Break it all into parts

For the final resolution
Where we vow our parts
To burn forever
To live forever

Taste without your tongue
Lick your wounds
And kill the creeps
Could you tell me how it ends and begins

Tonight I like you even more
Take my picture
When I shed my December skin

Where do we go from here
I turn around and wait for more

Where do we go from here
I'm taking you with me

Pull me up Pull me up
Pull me up Pull me up
Pull me up Pull me up

Fire in my footsteps
Peace in my mind
Broken rhythms, broken bodies
Broken minds, broken hearts

We are going to burn this house to the ground
I want to hold on to this feeling
I want to hold my breath just for a little while
Just for a little while

Bring the light
Burn the sky
Torch our lives
Break it all into parts

Bring the light
Burn the sky
Torch our lives
Break it all into parts

Bring the light
Burn the sky
Torch our lives
Break it all into parts

Bring the light
Burn the sky
Torch our lives
Break it all into parts

Where do we go from here
I turn around and wait for more
Where do we go from here
I'm taking you with me

Pull me up Pull me up
Pull me up Pull me up
Pull me up Pull me up...
I am taking you with me
