Slow Motion

Covenant

Vvery instant second a suspension of forever A frail continuous sequence spanning over lives Blindfolded by stars we roam in our realm Striving to the very last Dwindling at the most

Marching in the waste we produce for living Tending to forget we are not the lasting kind Every day we die we are slowly decomposing The steps we take upon the earth Will be worn and lost

As the moment elapsed we walked in slow motion Denying the tide, we'll find our devotion

Possessed by our possessions we deny the present In the gallery of achievements we look upon the past And as the moment passed away recalling the restraint Counting and weighing the amounts of our breaths But strong in the knowledge of our lack of purpose

By learning the fear and gaining our composure Content at the surface descension to come Peace in aloneness although all will be lost

As the moment elapsed we walked in slow motion Awaiting the tide, we'll lose our devotion
