

We Want Revolution

Covenant

kill your television
steal the satellites
download all the codes
catch the public eye

shout your manifesto
bring your megaphone
stay below the radar
join the underground

I want to car, skid and crash into the brave new world
I want to ride

we want revolution
constant evolution
start your engines blow your fuses
burn the bridges for the future
this is our solution

time for retribution
bring your target down
beat the jungle drums
flaunt your decadence

Underground Resistance
keeps you entertained
feed your hungry mind
shape the things to come

I want to car, skid and crash into the brave new world
I want to ride

we want revolution
constant evolution
start your engines blow your fuses
burn the bridges for the future
this is our solution
