

# We Want Revolution

Covenant

kill your television  
steal the satellites  
download all the codes  
catch the public eye

shout your manifesto  
bring your megaphone  
stay below the radar  
join the underground

I want to car, skid and crash into the brave new world  
I want to ride

we want revolution  
constant evolution  
start your engines blow your fuses  
burn the bridges for the future  
this is our solution

time for retribution  
bring your target down  
beat the jungle drums  
flaunt your decadence

Underground Resistance  
keeps you entertained  
feed your hungry mind  
shape the things to come

I want to car, skid and crash into the brave new world  
I want to ride

we want revolution  
constant evolution  
start your engines blow your fuses  
burn the bridges for the future  
this is our solution
