

Bajan Style

Cover Drive

Ladies and Gentlemen

Cover Drive here we come to tear it up,

Ladies and Gentlemen

Cover Drive here we come to mash it up,

Yo took it how we come to tear it up,

Jha know we have come to mash it up,

Yo took it how we come to tear it up,

Yo Yo Yo Yo!

Me and my boys got the crowd on lock.

Got the people jumping no they just won't stop,

Why you got us standing with your arms crossed tight,

You need to loosen up and do it Bajan Style,

Oh! Don't you know we chill like that.

Oh! Let the music wind you back,

Oh! Talking to my eyes rolled back,

Don't you go and give yourself a heart attack,

Nothing can stand in your way,

If music flows in your veins,

Dance all your troubles away,

Lay back cause that's how we play,

You need to do it Bajan Style,

You need to do it Bajan Style,

That's How we do it Bajan Style,

You need to do it Bajan Style,

That's How we do it,

Yo, yeah talking bout we do it, a yo! A yo!

Me and my boys gatta appetite for life

We know what we want and we do what we like,

Why don't you let go of all the things on your mind,

Try to loosen up and do it Bajan Style,

Oh! Don't you know we chill like that.

Oh! Let the music wind you back,

Oh! Talking to my eyes rolled back,

Don't you go and give yourself a heart attack,

Nothing can stand in your way,

If music flows in your veins,

Dance all your troubles away,

Lay back cause that's how we play,

You need to do it Bajan Style,
