

I Know You Too Well

Cover Drive

Why you wanna leave now, Woooah Woooah

What you thinking of?

Now you say you wanna leave when it's me you love

And the thing that we had ain't near enough

For you to forgive me what I've done

Well if it's all the same

When you want my different try again

I will just stop your love, turn around

And if you ask me I would do it hear and now

But don't so say nooo

I don't believe, that isn't fair

Nooo

No we can't get it back again

Wanna believe that you are willing to change oh and I

Wanna believe that you won't do me the same (Oooo)

You always seem like you've got something to sell

But boy I know you too well, Oh boy I know you too well

(Ahhh, Ahhh)

But boy I know you too well, Oh boy I know you too well

I know why your giving up

So much history between us and I blow it up

All my lies but knife right through your trust

And I hope you forgive me what I've done

I'm the one to blame

I'm the one who put the posion in your veins

But I don't want to kill your love again

Hold on to the light and bring it back life

But don't so say nooo

I don't believe, that isn't fair

Nooo

No we can't get it back again

Wanna believe that you are willing to change oh and I

Wanna believe that you won't do me the same (Oooo)

You always seem like you've got something to sell

But boy I know you too well, Oh boy I know you too well

I don't I don't I don't now

You want me back right now

Boy if I let you

You'll just go back to

Lying lying I know now

Your not that hard to figure out

I'm not goin let you

I'm goin forget you

(Ahhh, Ahhh)

But boy I know you too well, Oh boy I know you too well

Wanna believe that you are willing to change oh and I

Wanna believe that you won't do me the same (Oooo)

You always seem like you've got something to sell

But boy I know you too well, Oh boy I know you too well

Wanna believe that you are willing to change oh and I
Wanna believe that you won't do me the same (Oooo)
You always seem like you've got something to sell
But boy I know you too well, Oh boy I know you too well

Why you wanna leave now, Wooah Wooah
