

Love Junkie

Cover Drive

I breathe you in
You're my life support
This kinda loving baby hardcore
My heart is racing from these battle scars
No no oh
In my head I'm obsessing
I know you wanna ask the question
No I don't need my daddy's blessing
No no oh

Love me love me
Give me all you got
Rush me rush me
Touch me til I drop
Love me love me
Don't you ever stop
Don't you ever stop
Don't you ever stop

Love me love me
Give me all you got
Rush me rush me
Touch me til I drop
Love me love me
Don't you ever stop
Don't you ever stop
Don't you ever stop

I'm nothing but a love junkie
Hooked up on this
Make believe
Fake loving but it feels so sweet
I'm nothing but a
I'm nothing but a
Love junkie
Love junkie
I'm nothing but a
I'm nothing but a

Ready set baby
Crash dive
Lips on my skin
Make me come alive
You had me hooked from the first night
No no oh
Sick of loving in the abstract
Always waiting on your call back
I want it all
Don't you hold back baby
No no oh
Love me love me
Give me all you got
Rush me rush me
Touch me til I drop
Love me love me
Don't you ever stop
Don't you ever stop

Give me all you got
Rush me rush me
Touch me til I drop
