

## Can't Stay Here

Cowboy Mouth

Broke another heart in Texas  
Midnight sky was closing in  
The stars all point to California

She don't know what I am and I don't really care  
Louisiana gave me no direction  
So I pointed to the sun and drove away  
The last thing I remember I was thinking  
Of all the reasons I can't stay here

From the lobby of the hotel  
Caught her perfume from the bar  
But the lipstick was a strangers

She don't know what I am and she don't really care  
Louisiana gave me no direction  
So I pointed to the sun and drove away  
The last thing I remember I was thinking  
Of all the reasons I can't stay here  
No I can't stay here  
I can't stay here  
Whoa oh

Got to save my reputation  
I've worn out my welcome here  
Back on the road to California

I don't know what I am and I don't really care  
Louisiana gave me no direction  
So I pointed to the sun and drove away  
The last thing I remember I was thinking  
Of all the reasons I can't stay

Louisiana gave me no direction  
So I pointed to the sun and drove away  
The last thing I remember I was thinking  
Of all the reasons I can't stay here
