

Lock Me Up

Cowboy Troy

Lock me up!
and eat the little key with jam
come on, lock me up!
cause my heart is loving you again

someone ought to sue me
for what i let you do to me
someone ought to sue me baby
for all i let you do to me

rag upon the constable
who let me out again
i'm so emotional
i'm too emotional

drowning in the booze again
for notes you never send
i'm so emotional

doctor doctor, i don't know

so you gotta lock me up!
who the hell believes in love?
me! so, hurry, lock me up!
trust me dude, i've seen enough

jesus, he won't see me
so smother me and free me
buddha, she won't see me, baby
so smother me and free me

bowing out with grace and dignity
is for the birds
i'm too emotional
i'm so emotional

crazy glue my lips
before they shout those favorite words
i'm so emotional

doctor doctor, i don't know

Aaaaaahhhh!
hey, that was my heart!
Aaaaaahhhh!
lock it up or let it out
Aaaaaahhhh!
(what was that?)
i told you. that was my heart!
Aaaaaahhhh!
(so?)
dude, lock it up or let it out

doctor doctor, i don't know
