```
Lock me up!
and eat the little key with jam
come on, lock me up!
cause my heart is loving you again
someone ought to sue me
for what i let you do to me
someone ought to sue me baby
for all i let you do to me
rag upon the constable
who let me out again
i'm so emotional
i'm too emotional
drowning in the booze again
for notes you never send
i'm so emotional
doctor doctor, i don't know
so you gotta lock me up!
who the hell believes in love?
me! so, hurry, lock me up!
trust me dude, i've seen enough
jesus, he won't see me
so smother me and free me
buddha, she won't see me, baby
so smother me and free me
bowing out with grace and dignity
is for the birds
i'm too emotional
i'm so emotional
crazy glue my lips
before they shout those favorite words
i'm so emotional
doctor doctor, i don't know
Aaaaaahhhh!
hey, that was my heart!
Aaaaaahhhh!
lock it up or let it out
Aaaaaahhhh!
(what was that?)
i told you. that was my heart!
Aaaaaahhhh!
(so?)
dude, lock it up or let it out
doctor doctor, i don't know
