

Heaven Knows I'm Lonely Now

Cracker

Wake up Miss Maria I think that she been off
From falling off at Boston you're walking up a couple o' blocks

Yeah heaven knows I'm lonely, heaven knows I'm lonely now
Yeah heaven knows I'm lonely, heaven knows I'm lonely now

I'm kissin' ass on Monday, just want someone to hear my song
It's lonely at the bottom, that's why there's no-
one hangin' around

Yeah heaven knows I'm lonely, heaven knows I'm lonely now
Yeah heaven knows I'm lonely, heaven knows I'm lonely now

Don't wake up Miss Christina 'cause she and I don't see eye to
eye
Something 'bout some money, some night we spent together, oh my

Well heaven knows I'm lonely, heaven knows I'm lonely now
Yeah heaven knows I'm lonely, heaven knows I'm lonely now

Wake up Miss Maria 'cause I think she's been sleepin' it off
From falling off a bar stool, 'cause man you know that's lots o'
' hard work

Well heaven knows I'm lonely, heaven knows I'm lonely now
Yeah heaven knows I'm lonely, heaven knows I'm lonely now

(heaven knows I'm lonely, heaven knows I'm lonely now)
(heaven knows I'm lonely, heaven knows I'm lonely now)
