

Reasons To Quit

Cracker

Reasons to quit:

Smoke and booze don't do me like before

And I'm hardly ever sober

And my old friends don't come 'round much anymore

Reasons to quit:

The low is always lower than the high

And the reasons to quit

Don't outnumber all the reasons why

So we keep smoking, and we keep drinking,

Having fun, and never thinking,

Laughing at the price tag that we paid

And we keep rolling down that fast lane

Like two young men, feeling no pain

And the reasons for quittin', getting bigger each day

Reasons to quit:

I can't afford the habit all the time

I need to be sober,

Need to write some new songs that will rhyme

Reasons to quit:

I have no rhyme or reason when I'm high

And the reasons to quit

Don't outnumber all the reasons why

And the reasons for quittin', getting bigger each day
