

River Euphrates

Cracker

River Euphrates
Is longer than you
A wandering drag queen
A Hasidic Jew

River Euphrates
At Hollywood and vine
A Nubian princess
She's drunk all the time

River Euphrates
Somewhere in space
She's watching free cable
She digs microwaves

River Euphrates
Thinks she's a liar
I'll love you forever
Love me a week

River Euphrates
You fell like a star
Hide you in Mecca
Buy you a car

River Euphrates
You black shiny stone
I'll love you forever
But you're never home

River Euphrates
Somewhere in space
Watching free cable
She digs microwaves

There is like no other
And only one God
And River Euphrates is it
And that is her job

Oh yeah, Alright
