

## Sick Of Goodbyes

Cracker

If I could just keep  
My stupid mind together  
Then my thoughts across  
The land for you to see  
The sun drags locomotives  
To the ocean  
No one knows this like I do  
Seconds clicking which I'm  
Change to dust  
Whithered roots of hair  
And nights of rust  
I'm waiting in the currents  
Of the ocean  
I'm so sick of goodbyes, goodbyes

I'm so sick of goodbyes, goodbyes  
I'm so tired of goodbyes, goodbyes  
Goodbyes, goodbyes  
Goodbyes

When night comes crawling in  
On a horse  
Soaking up my dreams  
Through the pores  
I'm so sick  
I'm so sick of goodbyes, goodbyes  
Goodbyes  
Goodbyes

I'm so sick of goodbyes, goodbyes  
I'm so tired of goodbyes, goodbyes  
I'm so sick, so sick of goodbyes, goodbyes  
I'm so, I'm so  
Goodbyes  
Goodbyes  
Goodbyes
