

St. Cajetan

Cracker

You know I don't feel well
I got a thirst in my mouth
And all I want is a cool drink of water
You know I don't feel well
I got salt in my wounds
And all I want is a cool drink of water

Can you hear me, St. Cajetan
I once knew a well so sweet
I put my lips, my lips to the pail to drink
But I'd give it all up for some water

You know I don't feel well
Got the salty taste of my tears
And all I want is some relief from this

You know I don't feel well
Been tossed and turned on this ocean
And all I want is this one wish

Can you hear me, St. Cajetan
All I want is a cool drink of water
Can you hear me, St. Cajetan
All I want is a cool drink of water
Can you hear me, St. Cajetan
All I want is a cool drink of water

Can you hear me
Can you hear me
Can you hear me, St. Cajetan
Can you hear me, St. Cajetan
All I want is a cool drink of water
Can you hear me
Can you hear me
All I want is a cool drink of water
Can you hear me, St. Cajetan
All I want is a cool drink of water
