The World Is Mine

Well we went to the station They were looking for vegas But I was stuck in my Beat phase Like it was 1959 They say the girls wanna hip-shake They say the boys wanna ball-break But we couldn't be bothered Cause we're hipper than y'all And everyday I resolve to say The world is mine So will you give me salvation Or a standing ovation Cause I really deserve it And so much more The big kid in the magazines You and me, we went to make the scene But get your name, man And tomorrow you'll be gone So everyday I resolve to say The world is mine But everyday I resolve to say The world is mine The world is mine

Cracker

The world is mine
