

# This Is Cracker Soul

Cracker

Hey hey it's okay to  
Make a little mess out of your life  
'Cause you don't need a diagram  
to tell you how to have a good time

I said hey (hey)  
Don't mean to frighten you away  
This is Cracker soul, it comes so easy  
I said hey (hey)  
Don't get your head a mess.  
This is just the best, it comes so easy  
It comes so easy

Hey hey it's okay to never know  
the answer but ask why (why oh why?)  
You don't need another burden  
come and party with your spirit guide

I said hey (hey)  
Don't get your head a mess  
This is Cracker Soul  
It comes so easy  
I said hey (hey)  
Don't get yourself distressed  
Love is just the best  
When comes easy  
It comes so easy
