

Interlude - Creatures That Kissed in Cold Mirrors

Cradle of Filth

Archangel, dark Angel
Lend me thy light
Through Death's veil
Til we have Heaven in sight

Archangel, dark Angel
Lend me thy light
Through Death's veil
Til we have Heaven in sight

Archangel, dark Angel
Lend me thy light
Through Death's veil
Til we have Heaven in sight

Archangel, dark Angel
Lend me thy light
Through Death's veil
Til we have Heaven in sight

Archangel, dark Angel
Lend me thy light
Through Death's veil
Til we have Heaven in sight

Archangel, dark Angel
Lend me thy light
Through Death's veil
Til we have Heaven in sight

Archangel, dark Angel
Lend me thy light
Through Death's veil
Til we have Heaven in sight

Still fucking here are ya?
Well I couldn't tell it
This is track from our first promo video
The one with the dwarfs
And the amputees and the freaks in it
And that was just the fucking band!
