

## Ultimate Satan

Craft

Rise, from the cold and burning depths of hell  
Pure work of art, scenes of death is the imagery that you display  
I will never crawl on my knees in front of a Jew  
If I am not him, messiah is a beggar to me  
Burn his children at the stake, two thousand years of revenge  
Hell's fire is pure, so liberate yourself  
Suffer one battle, and we'll stand for a thousand more  
The glorious past of Yahweh is gone  
In reverence of ultimate Satan
