

Dig In

Craig Cardiff

Someone dear, someone dear.
There had to be a person, that much is clear.
Someone, someone had to know.

Parted and pieced off into bits
So that no one knows how their piece fits.
It's just the job, bob, don't take it home.

Dig in, don't let the questions sit.
Don't let them, dig in.

Who pulled the switch, who dug the hole,
Who signed off, who bought the coal.
Someone, someone had to know.

Parted and pieced off into bits
So that no one knows how their piece fits.
It's just the job, bob, don't take it home.
