

Cocoa Butter

Craig David

Well I've been searching for this one
Now she's finally come
You know what she wants to do (what you gon' do)
Freak it, freaking your body, oh so gently
Tell me do you want me (Craig)
And we can get freaky, freaky
Turn the lights down low
Take it nice and slow
You know, from head to toe
Rubbing you down, rubbing you down
Oh, does it feel real good (don't stop now, oh, you got it going)
Freak you like I really should
You start to stutter
While I'm rubbing you down in cocoa butter

Cocoa butter
Buttering your body
Driving me crazy (uh)
All over you lady (yeah)

Cocoa butter
Buttering your body
Driving me crazy (uh)
All over you lady (yeah)

Lay your body down baby, baby, yeah
You're gettin used to me
The way I work your body
From head to toe, you know
Finding different places (yeah)
To turn you on
My loves the bomb (uh)
Diggy (yeah), are you with me
Feel so good it's drivin me crazy
Making you feel fine (don't stop now, uh)
Mmm, oh yeah (Craig)
Take your time, take your time
Making you feel fine
Oh yeah
Take your time, take your time

Cocoa butter (Oh, baby)
Buttering your body (I'm buttering your body)
Driving me crazy (uh) (All over your body)
All over you lady (yeah)

Cocoa butter (Cocoa butter)
Buttering your body (Ooh, yeah)
Driving me crazy (uh) (I'm buttering your body)
All over you lady (yeah)

Whoa, I'm rubbing you down
While you're making those sounds tonight
I'm rubbing you down
All night, aww yeah [x4]

Cocoa butter (Cocoa butter)

Buttering your body (I'm buttering your body, baby)
Driving me crazy
All over you lady (Mmm, the way I rub it on your body)

Cocoa butter (You know how you like it)
Buttering your body (Ooh, I'll give it to you how you want it)
Driving me crazy (uh)
All over you lady (yeah) (All over your body)

Cocoa butter (Ooooooooooh!)
Buttering your body (Butter, baby)
Driving me crazy (uh) (Buttering your body)
All over you lady (yeah) (All over you, lady)
