

# Got It Good

Craig David

Don't worry 'bout the tag  
Go and throw it in the bag  
'Cause I got it good  
You the best I ever had  
Baby you know that you're bad  
And I got it good  
I'm certain that you're worth it  
You deserve it girl  
Don't worry 'bout the tag  
Go and throw it in the bag  
'Cause I got it good

Tell me do you remember when we started?  
Remember me and you creepin round late at night  
And yeah you held me down when I had nothing  
And that's the reason I must spoil you now that I can  
My hand meets your hand  
Our love isn't plastic  
But here's my credit  
Why not go max it  
The fact is there's no stress  
Baby I got this  
Treat you like the queen in Buckingham Palace, yeah

Don't worry 'bout the tag  
Go and throw it in the bag  
'Cause I got it good  
You the best I ever had  
Baby you know that you're bad  
And I got it good  
I'm certain that you're worth it  
You deserve it girl  
Don't worry 'bout the tag  
Go and throw it in the bag  
'Cause I got it good

Got no hands on my watch  
I don't clock the time cause  
When it comes to me and you girl our time is priceless  
There's no need for hesitation when you're swiping  
I wanna show appreciation so I buy it  
Buy it, go try it, girl if you like it  
We used to say you're cool with Nikes  
The type that's quite rare  
One of a kind  
And do anything I can to please my highness yeah

Don't worry 'bout the tag  
Go and throw it in the bag  
'Cause I got it good  
You the best I ever had  
Baby you know that you're bad  
And I got it good  
I'm certain that you're worth it  
You deserve it girl  
Don't worry 'bout the tag  
Go and throw it in the bag

'Cause I got it good

I got you yeah, you know that I got you baby, you know I got you baby girl  
I got you girl, oh yeah, I got it

No, no
