

# Take Em' Off

Craig David

Girl girl girl  
Take it off  
Aw yea  
(check)

I'm not usually the type to speak my mind  
Might be rude of me, but your so damn fine  
What ya do to me  
Got me feeling kinda crazy (baby lets just do it right now)

Would it bother you if we go to my room  
There's a couple things that I gots to show you  
'cause I'm not tryna rush you but there's one thing wrong  
Right now you got too many clothes on

Girl them jeans that you're wearing (just take em off)  
And that shirt that you came in (just take it off)  
Don't be mad if I'm starin' (just take it off baby)  
(take em off)  
Tear those sheets off the bed  
'cause we're bout to go ahead (and take em off)  
Girl them heals look so right so just leave em on  
Ain't no clothes allowed here  
So baby girl just take em off

Baby just wait a minute  
Let's just slow this down  
We can relax babe  
And you can let your hair down (hair down)  
You ain't gotta worry  
'cause I ain't tryna hurry (oh no)  
I'm a take some time and get this right baby

Lemme unplug the phone  
So we can be all alone  
Lemme turn down the lights  
'cause baby tonight it's on  
I'm a put on some music  
All of our favorite songs  
Baby c'mon lets do this  
And lets get it on

Girl I will do anything it takes to make it special  
Maybe I can taste your love and I know (you like me to)  
'cause I never had a girl before I could trust like you  
And I never had a love before who's down to get undressed like you  
(girl it's so hard)  
And I can't resist the way your sty pinches over your hips  
(i can't stop)  
Can't control myself, lay my hand over on your (shh)  
(girl)  
You almost bare now  
That's your last pair now  
So go and take em off baby (take em off baby!)

Just take em off off off  
Every time I want to take em off babe

Just take em off off off  
Babe I know you want to take em off babe  
Just take em off off off  
Baby take em off we can dance all night  
Just take em off yea
