

This Could Be Love

Craig David

Dada da da da
Dadada da da da da

Dada da da da (da da da da)
Dadada da da da da

Love cant be so unkind
Keeps me up all night girl
Im on fire burnin'you let it fuse
Then you blew my mind
When you look, how you look
My defenses enweak there'll nothing that I can do
I can't wait 'til I get you alone girl again
You know what I'm thinkin' of

Im tellin' you now
In case you don't know
That this could be love that I'm starting to feel
'Cause I wanna go wherever you go
This could be love L-O-V-E.

Half crazy all of the time
But I can't let go
Its y water hell of a ride
Rips me up inside
When you look, how you look
My defenses enweak there'll nothing that I can do
Girl you're changing my world
Dont believe what you heard
There ain't nobody else but you

Im tellin' you now
In case you don't know
That this could be love that I'm starting to feel
'Cause I wanna go wherever you go
This could be love L-O-V-E.

Hey
Na na na no no no
Da da da da da da da da (ooh ooh ooh)
Oh
Oa da da da (da da da da)
Da da da da da da da da

When we alone I'm gonna be all that you need
Ill treat you right
Ill make you feel you so beautifull
Ill make you treat of you

Im tellin' you now
In case you don't know
That this could be love that I'm starting to feel
'Cause I wanna go wherever you go
This could be love for you and me.

Love love L-O-V-EEEEEE
This could be love and anywhere together

This could be love L-O-V-E foreverer
This could be love (oh oh oh)
This could be love and anywhere together
This could be love L-o-v-e foreverer
