

Love Loves A Long Night

Craig Morgan

Summer dress straps slippin' off of her shoulder
A blanket of a stars is lookin' us over
Here in the dark
Wrapped up in each other's arms

Moonlight tickles her sun-kissed skin
She smiles that smile she only smiles when
I've done somethin' right
It's gonna be a long, long night

Baby, baby love loves a long night
Don't you know love, no love don't worry 'bout time
The way it's goin' feels like love's gonna be
Goin' til the morning light
Baby, baby love loves a long night

Candle wax drippin' off a dropped tail gate
Barefoot dancin' while the radio plays
A slow, sexy song
Whippoorwill singin' along

Fireflies bounce across a cut hay field
Winkin' back and forth like they know the deal
No it can't be wrong, lovin' all night long

Baby, baby love loves a long night
Don't you know love, no love don't worry 'bout time
The way it's goin' feels like love's gonna be
Goin' til the morning light
Baby, baby love loves a long night

Baby, baby love loves a long long night
Don't you know love, no love don't worry 'bout time
The way it's goin' feels like love's gonna be
Goin' til the morning light
Baby, baby love loves a long long night
Oh love loves a long night
