

# When A Man Can't Get A Woman Off His Mind

Craig Morgan

I've been fightin' with these sheets again  
Can't make myself lie still  
My pillowcase is soakin wet  
And yet I feel a chill  
It takes all I can do these days to just survive the night  
It gets crazy when a man can't get  
A woman off his mind

When a man can't shake a mem'ry  
He runs hot and cold and blind  
He hates her  
Then he loves her  
Then he hates her one more time  
Your love has such a grip on me  
It chokes me like a vine  
Oh, it's crazy  
When a man can't get  
A woman off his mind

I've been phonin' you since eight o'clock  
It's almost four a.m.  
My mind keeps paintin' pictures  
Of you out lovin' him  
I just crushed a Dixie cup  
For runnin' out of wine  
It gets crazy when a man can't get  
A woman off his mind

Yeah, it drives him crazy when a man can't get  
A woman off his mind
