

## Take a Chance

Crash The System

Only you, share my vision  
My destiny, it's deja vu  
Me and you, yeah you know cause you've  
Seen it too, yeah

There's a hunger deep in my heart  
Tell me tonight

Let's take a chance, when morning comes  
I'll be there beside you  
Give me your hand and don't let go  
'Cause love will find us

Only you, can make me feel  
The way you do  
My deja vu, yeah you know  
'Cause you've seen it too, yeah
