

Anarchy

Crashdiet

Reborn again
Sick of the illusion
Time has come for misbehavior
Restore again
That sense of mass confusion
Don't go crying for a savior

Angels dying, demons conspiring
Your kingdom starts to fall
Born in fire
Inner desire
The leader of it all

Anarchy, countdown
Anarchy, countdown
Step up the temperature
A million degrees
Anarchy, countdown
Anarchy, countdown
No hypocrisy
We fall defeating

Destroy the men
Preachers of delusion
No more time for human failure
Be strong again
You victims of illusion
Release the force from inner nature

Angels dying, demons conspiring
Your kingdom starts to fall
Born in fire
Inner desire
The leader of it all

Anarchy, countdown
Anarchy, countdown
Step up the temperature
A million degrees
Anarchy, countdown
Anarchy, countdown
No hypocrisy
We fall defeating

Ohhh, Oh yeah! Oh yeah Ohh Im Ok!

Countdown
Anarchy, countdown
Step up the temperature
A million degrees
Anarchy, countdown
Anarchy, countdown
No hypocrisy
We fall defeating
