Straight outta hell

Crashdïet

The heat is rising, the time is here the real edification we're a million dreams, and all its fears that's the core of this creation

we're comind straigh outta hell
we're comming straigt outta hell

the bursting of the universe the noiz when worlds collide we're the eristic propheds in this modern curse of time we don't confide

in the midnite hour, we rise and come alive this is the journey of our odyssey 1,2,3,4

we're coming straight outta hell we're coming straight outta hell we're coming straight outta hell we're coming straight outta hell
