

Wild Rose

Crashdiet

So hard to tell what's in your mind
When someone leaves the world behind
Raging sorrow changing lanes
Sometimes rage remains
That friday night
Time stood still and shivers down my spine
So real and so hard to heal

Oh, wild rose is gone
He was one of the greatest of them all
But the wild rose lives on
Even though he's forever and ever gone

Memories they fade away
I know these are here to stay
No one can take them easily
Maybe it's just destiny
It's a shame you're gone
You will always be the star
Shining down on every soul

Oh, wild rose is gone
He was one of the greatest of them all
But the wild rose lives on
Even though he's forever and ever gone
Oh, so sad you're never coming back
But your sun will shine in all our minds
In all minds, in all minds

Oh, wild rose is gone
He was one of the greatest of them all
Oh, so sad you're never coming back
But your sun will shine in all of minds
In all minds, in all minds
In all minds, in all minds
