Sleepy Time Time

I'm a sleepy time baby, a sleepy time boy. Work only maybe, life is a joy.

We'll have a sleepy time time. Sleepy time time. Sleepy time time all the time.

Asleep in the daytime, asleep at night. Life is all playtime; working ain't right.

We'll have a sleepy time time. Sleepy time time. Sleepy time time all the time.

I have my Sunday, that ain't no lie. But on Monday morning comes my favorite try.

We'll have a sleepy time time. Sleepy time time. Sleepy time time all the time.
