

The Unearthly Ones

Creature Feature

Here we are
The monsters in your closet
Sure as hell
You should be afraid

We are coming for you
We are coming for you

We exist
The grim haunters of houses
We'll frighten
And steal your breath away

We are coming for you
We are coming for you

We are coming for you now

Beware the bumps in the night
The shadows on your wall
The nightmares of your youth

Believe in the bogeyman
Hiding beneath your bed
Just waiting to break loose

Don't forget
Your fear of spooks and goblins
Sure as hell
We'll still sneak up on you

We are coming for you
We are coming for you

Take cover
From all the creeps and ghoulies
You never
Know what we're planning next

We are coming for you
We are coming for you

We are coming for you now

Beware the bumps in the night
The shadows on your wall
The nightmares of your youth

Believe in the bogeyman
Hiding beneath your bed
Just waiting to break loose

The unearthly ones scratched and clawed
Their way out of the grave
Called forth by the fear
Of the children lying awake

Foul and grotesque
And don't let their whispers possess
Or your life's done
And you'll join the unearthly ones

Time to flee
An angry mob approaches
Sure as hell
They want our hides

They are coming for us
They are coming for us

An army
Of pitchforks and torches
They won't stop
Until they hunt us down

They are coming for us
They are coming for us

They are coming for us now

Beware the bumps in the night
The shadows on your wall
The nightmares of your youth

Believe in the bogeyman
Hiding beneath your bed
Just waiting to break loose
