Away In Silence

You walked away in silence You walked away to breathe Stopped and turned to say goodbye to me I'm pleading as your leaving I'm begging you stay I'm not the man I used to be, I've changed I'm not the man I used to be, I've changed

Don't give up on us, don't give up on love Don't give up on us, don't give up on love If my life is the price, then my life it will cost Now that I'm picking up the pieces see the pain that I have caused It's hard to believe in someone you thought was lost Don't give up on us, don't give up on love Don't you walk away in silence

In tears you counted reasons Tears convered you it seemed Face down screaming "god help me please!" I'm pleading as you leaving; I'm begging you to stay I'm not the man I used to be, i've changed I'm not the man I used to be, i've changed

Don't give up on us, don't give up on love Don't give up on us, don't give up on love If my life is the price, then my life it will cost It will cost my life Now that I'm picking up the pieces see the pain that I have caused It's hard to believe in someone you thought was lost Don't give up on us, don't give up on love Don't you walk away in silence Please come back to me Don't you walk away in silence I'm not the man I used to be!

Well I pray that tomorrow you'll be home We can rebuild and forever we can go on Go on, and go on We can go on, well I pray that tomorrow you'll be home Look at horizons and let the light bring you home, bring you home

Don't give up on us, don't give up on love Don't give up on us, don't give up on love If my life is the price, then my life it will cost Now that I'm picking up the pieces see the pain that I have caused It's hard to believe in someone you thought was lost Don't give up on us, don't give up on love Don't you walk away in silence Please come back to me Don't you walk away in silence I'm not the man I used to be
