

On My Sleeve

Creed

The eyes around me are so cold
With every chance they steal my soul
So walk with me, Talk with me,
Hold my hand I'm stumbling
In consequence here is me alive

Can you fix what's made to be broken
I can't fix what's made to be

My Heart is tattooed on my sleeve
I'm not hiding
No
It only hurts to breathe

My Heart is tattooed on my sleeve
I know it's blinding
No
It only hurts to breathe
Standing now and alone
I need answers tell me everything you know
So heavy is the night
Exhausted
Whispers tend to crucify my mind
I'm fighting but I'm blind

Can you fix what's made to be broken
I can't fix what's made to be

My Heart is tattooed on my sleeve

I'm not hiding
No
It only hurts to breathe

My Heart is tattooed on my sleeve
I know it's blinding
No
It only hurts,
It only hurts,
It only hurts to breathe
I shout out
Can you hear me?
Mistakes have cost me years
Do they cost you?
Are you like me?
Tell me - please...

My Heart is tattooed on my sleeve
I'm not hiding
No
It only hurts to breathe

My Heart is tattooed on my sleeve
I know it's blinding
No
It only hurts,
It only hurts,

It only hurts to breathe
