Deformity

Crematory

Caught in lifeless flesh Screams of my fear that no one hear Pain of my thought that no one knows

The yearning to death that I feel Alone with myself Despase and reject - Retired from normal life

Hear my cry - Hear my agony - See my blood See my dreams - Feel my hate - Feel my vomit in your face

Look that makes me kill Voices that laughs about me Conceptions that ignores me And feets that kicks me away

Caught in a body - A body of punishment The angel of incorporeal souls have punished me But the end of this torture are so far

Hear my cry - Hear my agony - See my blood See my dreams - Feel my hate - Feel my vomit in your face

Caught in lifeless flesh Screams of my fear that no one hear Pain of my thought that no one knows The yearning to death that I feel
